Notes:

1. Years are Fiscal Years. Thus, "2011" refers to the year starting July 1, 2010 and ending June 30th, 2011.
2. FYE refers to "full year equivalent" (total credits taken divided by 30).
3. FTE refers to "full time equivalent" (total credits taught divided by 30).
4. "Costs" are direct instructional costs only (faculty salaries and fringe benefits, equipment, supplies).
